

DOUBLE SESSIONS?

WOBURN STREET SCHOOL OPENING MAY BE DELAYED

The possibility of Double Sessions in elementary grades was discussed by the School Committee last night, in their regular meeting, held in the Roman House. Superintendent of Schools Harold Shea reported that the work was only 45% complete, as of last Thursday.

A month had been lost, Mr Shea said, because a plumber had had to default on his contract.

At the same time he reported that the Permanent Building Committee was doing every thing possible to hasten matters.

The Wilmington Public Schools are scheduled to open on Sept. 9th, this fall, a fact that he termed fortunate.

The committee tentatively explored the possibility of delaying the opening of school, if there were to be only a week's delay. Otherwise, they felt, it would be best to have the double sessions which would be needed in the Wildwood School.

It was pointed out that this school would best accomodate itself to double sessions, under the circumstances, it having 15 rooms, and being nearest in a sense of geography, to the Woburn Street School.

The Wilmington Public Schools will close, this summer on June 18th, at noon, for all schools, with the teachers finishing their schedules on the close of business the next day.

BURLINGTON AVENUE APPEAL BEFORE SELECTMEN

Speedsters travelling at 50 miles an hour, racing side by side, were described graphically to the Board of Selectmen, Monday night, by Walter Meehan, Burlington Avenue resident, and A Daniel Gillis of Randolph Road, and member of the Planning Board.

The two gentlemen presented a petition with 78 names attached, to the Selectmen, describing the conditions.

They were asking that 'something be done immediately'

Burlington Avenue is scheduled for an ultimate reconstruction, under Chapter 90, with a possible sidewalk construction at the same time.

Chief of Police Paul J Lynch, who was present, attested to some of the incidents related.

Town Manager Gerald Bouchard told the two men that, with the advent of new police cruisers, and a new schedule of police duties, he hoped to be able to alleviate the situation

SURPRISE FOR BESSIE McMAHON: A party, in her honor, was held in the Town Hall Tuesday afternoon, after her retirement as a Clerk in the Water Department.

The cake, baked by Mrs Robert Peters, was only a part of the surprise. Miss McMahon noted that she will have may 'thank you' cards to write.

CAUGHT IN THE ACT: The moving of the Silver Lake Pharmacy, last Sunday, into the old Stevens Supermarket Building, took four hours, thanks to a lot of volunteer help for Pharmacist Louis Hailson.

Among those who volunteered was Fred Baldwin, who is King Lion of the Tewksbury Lions Club, and Fred stopped midway in the work to help himself to a candy bar. He didn't know the camera was watching him!

Fred will probably be fined, for his act, at the next Lions Club meeting. In the background, totally oblivious to the dastardly deed, Louis is hard at work.

FRED CAIN IN CONSULTING
COMMITTEE OF GOVERNOR'S
CONSUMER COUNCIL

Wilmington Automobile Dealer Fred Cain, winner of the Saturday Evening Post Franklin Award, and founder of the company that bears his name was appointed, Monday to be a member of a consulting committee, which will advise the Governor's Consumers Council relative to problems on automobile advertising.

Mr Cain is also a past president of the Mass. State Automobile Association. He was named to the committee by the Governor and by the Reverend Robert J McEwen SJ, Chairman of the Consumer's Council.

The Consumer's Council will work with the majority of the automobile dealers who represent the reputable section of the automotive industry, to drive out unethical practices and to assure the consuming public of the full value of the automotive dollar, both in the purchase of and the servicing of new cars.

It is, Governor Peabody said, the first automotive consulting committee to work with the Consumers' Council ever to be established in the United States.

PHIL TUPPER IS CAPTAIN OF NORTHEASTERN TRACK

Phil Tupper, who in his Wilmington High School days was an outstanding athlete, in baseball, basketball and track, is now the Captain of the Northeastern University Track Team, the most successful track team in the history of North eastern.

A senior at Northeastern, he is enjoying his most successful year as the team has rolled thru an undefeated season on the indoor track, and so far remained unbeaten in the spring outdoor season.

Tupper, 6 ft 3, and weighing 160 pounds, is a middle-distance specialist, who takes part in the 440 and 880 outdoor distances and the 600 and 1000 yard events indoors, as well as occasionally filling in on the high jump.

He holds the Northeastern record for the 400 yard dash, with a time of 1:13.7.

Member of the Class of 1965, he is a business management major in Northeastern's College of Business Administration.

He is the son of Mr and Mrs Arthur Tupper of Linda Road

A BOAT LICENSE AT BABY BEACH

The Board of Selectmen, in their collective wis-
dom, have seen fit to deny the granting of a 'boat li-
cense' at Baby Beach, Silver Lake.

The story is long and complex, and there are
personalities mixed into it. Basically a Lowell couple
have purchased the beach and propose to conduct
a boat livery. There were other proposals, but they
have now been abandoned.

Twenty two residents of the area protested the
original application. They cited illegal parking of
cars, along the street (Grove Avenue) and dirt at
the beach, among other things.

Motorists, notoriously park cars illegally. It
happens at Silver Lake. It happens in Wilmington
Square. It happens in Boston.

It is admittedly a nuisance to have cars so
parked, but denying a boat livery license will not
better the situation.

The reason of 'dirt' is of a different cloth. In
the years that the Board of Health has had a Sanitarian
in Wilmington this beach has been inspected weekly
during the summer months. The water was found to
be pure, and never was there a notation of dirt being
found on the beach. Furthermore, never has there
been a complaint.

These arguments, however, are trivial. They
can serve as excuses, but not as reasons.

The point is that the Board of Selectmen does
have a right to deny a boat livery, and they have
done it.

In the belief of this paper, this is a mistake, and
it could have serious consequences.

It was about 1951 that the first license was issued
by the Selectmen for a boat livery at Baby Beach.
One of the Selectmen, at that time, or about then,
advanced the argument that a boat livery was a won-
derful safeguard, against accidental drowning in the
area.

That argument is just as good today as it was
then. Having a responsible person in the area, in
charge of boats, could prove to be the factor in the
saving of a child's life, or that of a grownup
person.

Baby Beach, without supervision, would become
what the Police term an 'attractive nuisance'. Chil-
dren would bathe and swim there, unsupervised. The
very neighbors who are complaining may possibly
be the people whose child would be involved.

In the interests of safety for children, a boat
livery license should be granted for Baby Beach.
There is no need for other licenses, but this is
practically essential.

And if the Board of Selectmen cannot see fit
to do this, the case should be carried to the Board
of Appeals.

LITTLE LEAGUE PARADE SATURDAY

The Wonderful High School Band, both Senior and Junior bands, will be playing Saturday, for the Annual Little League Parade.

Hizzonner George Spanos, Honorary Mayor of Wilmington is to ride in a big car, right in front, a car that will be provided by Fred Cain.

The Wilmington Youth Crusaders will be strutting their stuff, with the Drum and Bugle Corps going full blast.

And Twelve, (count them) Little League Teams are going to trudge the highway, from McNamara Tire to the New Little League field, in Rotary Park.

It will be a Wonderful Day. The sun is sure to shine. The parade

is scheduled to begin at 11 am.

But there is more!

The Roly Poly Umpires are going to take a part in the parade.

Color Guards are to be supplied by the Veterans organization, the American Legion, the Veterans of Foreign Wars, and the Disabled American Veterans.

And the Wilmington High School Majorettes are to take part, too!

The parade will probably arrive at the Rotary Park about noon time.

For the opening day there are to be three 3 inning exhibitions, with the White Sox facing the Yankees, the Orioles facing the Red Sox, and the Tigers lined up against the Indians.

Then it's Play Ball!

FIRST WILMINGTON VISITORS TO THE WORLD'S FAIR: Mr and Mrs Edward Faulkner, 22 Brentwood Avenue, in front of the Sinclair exhibit, on May first.

They took part in a tour arranged by the American Mutual Life Insurance Company, where Mr Faulkner works.

HOME FROM NAVAL TRAINING

Paul Call, son of Mr and Mrs Harold Call of Fairview Avenue, and John O'Hara, son of Mr and Mrs James O'Hara of South St. have returned home from the US Naval Training Center, at Great Lakes Illinois, having completed their 'boot training'.

They will leave Friday to return to Great Lakes for further schooling. Call is to have six months of study as Fire Control Technician, and O'Hara is to study to become an Electricians Mate

NARCE MEETING TOMORROW

The regular meeting of Chapter 507, NARCE will be held tomorrow at 2 pm in the K of C Building, Sanborn Street, Reading.

It is anticipated that State Representative Frank D Tanner will speak on legislative matters.

There will be a social hour with light refreshments.

President Percy R Anderson, of the Chapter, has been elected as delegate to the National Convention to be held at Des Moines, Iowa, June 8 - 10th.

TOWN NOTES

Track Star???

Danny Gillis and Bob Evans have two things in common - both have served for many years on the Planning Board of Wilmington, and both like to argue.

They do so, consistently, with each other, but in the friendliest of spirit, this of course, during the Planning Board meetings.

After Tuesday night's marathon debate on such things as undersize house lots and 'paper' streets Evans paid Gillis the ultimate compliment.

'Boy,' he said, 'You are fast with your footwork! You ought to go out for Track!'

Waiting for John

John O'Reilly is a High School senior, who, among other things plays in the Wonderful High School Band. A couple of weeks ago, as the result of friendships he made while the band was in Groveton NH this spring, he paid a visit to that place, and while there he was stricken ill. He was sent home, but quickly.

The family physician took one look at John, when he got home, and ordered him to Winchester Hospital, where John was soon minus his appendix.

Since then he has been recuperating, and is now home, anxious to get back to school.

He is no more anxious than is High School Principal Bernard McMahon.

Mr McMahon has been holding up the announcement of Senior Class Honors. It would seem that he need's John's presence, at the time the honors are to be announced!

CONGRESSMAN BRAD MORSE TO NAME 32 CANDIDATES AND ALTERNATES TO US SERVICE ACADEMIES.

A total of 32 young men, in the twenty towns and cities of the 5th Congressional District of Massachusetts are to be named, this year, as candidates or alternates to the US service academies.

One principal and three alternates are to be named to the US Military Academy (West Point), one principal and five alternates to the US Naval Academy (Annapolis), two principals and ten alternates will be named to the US Air Force Academy (Colorado Springs) and ten nominees to the US Merchant Marine Academy (Kings Point, NY).

All unmarried men who on July 1 1965 will be at least 17 years old, and not yet 22 years of age and who are residents of the Fifth Congressional District are eligible to compete for nominations.

Applications must be filed in Congressman Morse's Lowell Office, 15 Kearney Square, by June 5, 1964

The Civil Service Designation Examination will be given to the applicants, in the New Post Office in Lowell, sometime in July. This will be the only authorized examination this year, from the Congressman's office.

Following the completion of the written and medical tests, an impartial Academy Advisory Board, composed of prominent Fifth District citizens, chosen without regard to political affiliation, will interview each candidate.

The Board will consider the applicant's basic eligibility for nomination, his grade on the Civil Service exam, his scholastic achievements, his extra curricular activities and interests, his references and his general maturity and bearing. When the Board has finished and made its recommendations, the final selection will be made by Congressman Brad Morse, who will then notify all candidates of their standings.

DE CAROLIS ESTATES PROBLEMS MAY BE SETTLED

There seems to be only one problem left, relative to the De Carolis Estates, being planned behind the new Woburn Street school, and that concerns the piece of land which Selectman John Brooks told the Town Meeting was 'the finest lot' in the project.

It seemed, Tuesday night, in the Planning Board meeting, that not only was the lot of land too low, but that dry wells being installed in the proposed pedway are being constructed at too low a level.

All the other problems, regarding the drainage of the low land in the area seemed to have been settled, after Mr De Carolis and the board finished an hour long meeting on Tuesday. Mr. De Carolis asked for a 30 day extension of his time limit, and this was granted by the Planning Board.

A long ditch is to be dug along the proposed extension of Marcia Road, from the old pond near High Street, to the swampy land, near the 'finest lot', and a pipeline is to be laid, which, it is believed, will not only drain the pond area but all between as well.

The pipe line, starting as a 12 inch pipe and ending as an 18 inch one, will drain into an existing ditch, through an easement to be made close to land of Rodin, on the present Marcia Road.

The extension of Marcia Road, in the area where it joins the present road, will have to be on ground which will be some six feet above the present level of the ground.

De Carolis told the Planning Board that he believes the swamp land nearby has an elevation of 90 feet above sea level. The road is projected to be 96 feet above sea level, according to his plans.

It was noted by Planning Board member Austin Rounds that the level of the top of the masonry for three dry-wells which have been constructed in the proposed pedway are believed by the contractor to be 88 feet above sea

level, and that the top of the dry well inlet will be 90 feet above sea level.

This, obviously, would put the top of the drywells at the same level as the swamp, and six feet below the proposed level of the street.

There must be, the Board felt, a mistake somewhere in the levels taken. Planning Board member

James Micili was appointed to consult with the Permanent Building Committee, Thursday evening.

But there was no doubt in the Board's minds, collectively, that the level of the dry-wells would have to be raised, in order to come up to the proposed street level.

SUPERINTENDENT OF PUBLIC BUILDINGS WANTED

by the
TOWN OF WILMINGTON

SCOPE OF JOB:

Responsible for the maintenance of 22 public buildings, including 13 schools and 9 municipal buildings. Incumbent is directly responsible for the supervision and assignment of 23 custodians and 5 maintenance men, also responsible for purchasing and disbursing all custodial supplies and maintenance materials, and for the supervision of an annual budget of \$220,000.

A SURPRISE PARTY FOR MR AND MRS ARIEL WOOD: In the Methodist Church, Sunday afternoon, was in the form of a 'This Is Your Life' show; and brought many old friends together.

Among those present were the Rev. Richard Harding (left) now of Amherst Mass, Raymond Wood of Beverly, a son; Mrs Homer Caelean of Feeding Hills, Mass, sister to Mrs Wood; Mr and Mrs Wood; Wesley Kirby of Concord NH, brother of Mrs Wood, and Mrs Warner C Danforth Jr of Framingham, a daughter of the couple.

The Wood family are moving shortly to Alfred, Maine, after 25 years residence on Columbia Street.

LETTERS

38 Grove Avenue
May 6, 1964

Dear Larz:

May I express through the columns of the Town Crier the heart felt thanks of the Board of Directors of the Wilmington Little League for the assistance so generously given by the merchants and business men of Wilmington, in order that our youngsters may play ball this summer.

Special thanks should be given to the Redi-Mix Concrete, Anthony Del Rossi of Woburn Street, the Cronin Brothers, the Church Street Hardware, the Wilmington Builders Supply, Joseph App Inc., Polcaro Brothers, Fred F Cain Inc. Tony Leverone of St Paul Street and the John P Condon Corporation of Dracut.

The Town Manager and the Board of Selectmen have given their cooperation. The Highway Department and the Water Department have been most helpful. And, the Wilmington Rotary Club, for their donation of the site where the games are to be played this summer, deserve a rising vote of thanks.

It is the feeling of the President and the Board of Directors of the Wilmington Little League that, with in two years, the Little League - Rotary Park will be in use as a Tournament Field, for the Regional

Playoffs, in the Eastern Region. It is the business men of Wilmington whom we have listed, and others who are making this possible.

With kindest personal regards
Edward J Sullivan, President
Wilmington Little League

May 2, 1964

Dear Larz:

As a personal favor, I ask that you please print this letter.

After reading the letter Harold Murray sent, I was deeply touched. In November a girl was shot. In December she died. A girl's life was taken. Was this a bad girl? No! She was a wonderful person, who was loved by many people.

If the Wilmington police had gotten the gun away from this madman a foolish and senseless murder would not have been committed. The girl, an innocent victim, in now dead, because of a foolish error on the part of the Wilmington police.

She suffered terribly during her last days, but no one knows this except her parents. Should she be dead today? No! The Lord sees all but why was such an act committed? Perhaps she has her reward now?

Before the incident the man was permitted to get away with many wrongs - should he be able to take a life and get away with it?

A tremendous loss has been suf-

fered in the death of a little girl who tried to help a man and his children. The man was protected by the law. Is this justice, I ask you?

Her memory will be with me and the people of Wilmington. If you print this, will you please just sign me as:

A very faithful friend.

The young lady who wrote this letter should take the time to read the Fourth Amendment to Constitution of the United States, and, while she is at it the other amendments which make up the so-called Bill of Rights.

The fourth amendment provides that the people shall be secure in their homes, papers, and effects against unreasonable searches and seizures. Elsewhere is a clause that provides that the right to 'bear arms' shall not be infringed upon.

The police knew he had a gun, yes. They could not get a warrant to search that home, because of the fourth amendment, and because a gun in a home is not breaking the law.

The young lady is bitter about 'justice'. Perhaps one doesn't always get justice, in our American way of life, but those amendments which make up the Bill of Rights were written as the result of bitter experience, and, for our money we in the United States have just about as good a system of justice as is possible in this world.

And, please, don't put this down as being the ravings of a chauvinistic flag waver!

BOARD OF APPEALS DECISIONS

Seven decisions of the Wilmington Board of Appeals were handed down, Tuesday night.

Under the date of April 24th a decision granted to Stephen A. MacInnes, 70 Shawsheen Avenue, the right to divide a lot of land, and build a house on a lot of land having insufficient frontage, according to the Zoning By Law.

The case was heard on March 24th. MacInnes told the board that he was the owner of a lot of land having 58,800 square feet, in a 22,500 square foot zone. He wanted to divide the lot into two, one having 28,800 square feet, and the other having 30,000 feet, but both with only 103 foot frontage, where 125 feet is required.

The board was told that the nearest home, under the proposal, would be 120 feet, and that it was proposed to have the second house to be built with a set back of 180 feet from the street.

The Appeal Board granted the appeal, finding that it was not a detriment to the area, nor would it derogate from the purpose of the Zoning By Law. A proviso was made that an existing shed be removed, before an occupancy permit could be granted by the Building Inspector.

Under the date of April 30 the board granted an appeal of the Jackson Brothers, Inc. for four lots of land on Shawsheen Ave. near the Billerica line. The case was heard on March 24th.

The Jackson Brothers were represented by Frederick and Leland Jackson, and they presented plans of 13 proposed lots, along the street. Four of the lots were on a curve on the road.

Minot Anderson, Building Inspector, told the Board he could not issue building permits for the four lots because they failed to qualify for a minimum depth.

The board granted the variance with permit to build, holding that the variance was slight, and that it is sometimes difficult to plan a workable development, as in this case, without having a justifiable deviation from the law.

In a third decision made on April 30 the board denied to James McFarland of Hopkins Street the right to enlarge an existing cottage on Columbia Road to make a suitable dwelling.

The cottage has 396 square feet the board was told, in the hearing held on April 14th., and Mr. McFarland wanted to enlarge it by adding 448 square feet.

Building Inspector Minot Anderson told the board that the cottage was 'non conforming' and that he could not issue a building permit with out Board of Appeals approval.

The Board, in its decision, noted that the proposed increase in size was over 100%, and that it allows up to 50% under favorable conditions. It further noted that the proposal did not satisfy 'yard' requirements.

Under date of May 4th the Board granted two appeals of the Wilmington Plaza, Inc. for signs for new stores.

Permission was granted to the Beauty Terrace to have a sign which was 37.5 square feet in size, and permission was granted to the Wilmington Plaza Drug Store to have a sign occupying 120 square feet. Both cases were heard on April 14th.

Another decision on May 4th denied of Chestnut Street the right to divide property between Taft Road and Roosevelt Road into two parcels.

The land has 100 foot frontage on both streets, and occupies 25,195 square feet, in a 22,500 square foot zone.

The board was told that the land

had been purchased as two lots, two years ago, only to find out that it was then under appeal to be divided into two lots, an appeal which was denied.

William Mann, an abuttor, appeared in favor of the proposal.

In its denial the Board noted that the hardship was not peculiar to the area, and that a variance would be contrary to the intent and purpose of the Zoning By Law.

Also denied, on May 4th was an appeal by Daniel DePiano of 14 Sherman Street, Everett, owner of a lot of land between Laurel Street and Pineview Road, in North Wilmington.

The lot is in a rural zone, requiring 60,000 square feet. It is 50,000 square feet in size, and Mr De Piano wanted to divide it into two lots, each 125 feet wide and 200 feet long. There is a house on one of the lots, and he wanted to build on the other.

A neighbor, Mr. Petrucci, and Selectman John Brooks appeared in favor of Mr De Piano.

The appeal was heard on April 28th. In its denial the Board said that the proposal was not in conformity with the intent of the Zoning By Laws.

'A CERTAIN AMOUNT OF LOVE: Has to go into one of these', was the expressed formula of Bill Merrill, who was the Hamburger Cook at the Spring Fair, for the Ladies Benevolent Society of the Congregational Church, last Saturday.

Awaiting their turn to buy a 'love hamburger', in the background are Ken Britt and David Polsey.

OL8 3383 BR 2-3221**A BIG ARGUMENT BETWEEN TOWN BOARDS**

The Wilmington Planning Board and the Wilmington Board of Appeals got into a hot and heavy - but very friendly argument, Tuesday night, over definitions.

It started at about 10:30 pm and lasted until quarter past eleven, when the Board of Appeals left to go home.

When they got outside of the Town Hall they thought of another point, and returned to resume the argument, which this time lasted until just before midnight.

At stake was a definition of what constitutes an approved real estate development, with many side issues, all part of the argument, involving lot sizes in real estate developments of yesteryear, and lots on so-called paper streets.

The argument started when the Planning Board was presented with a plan of land near Burt Road, which had been approved by the Board of Appeals, some few weeks ago. It involved land which had been laid out by a real estate developer many years ago, in small lots. Several lots of land had been combined, with Appeal Board permission, into larger lots, fronting on Burt Road, and the Planning Board had no argument on this point - but when the members saw that other lots, away from Burt Road, and facing on 'paper' streets

had also so been combined they 'hit the ceiling' to use a figure of speech - or at least some of them did.

be similar cases, but with different rulings. Again no one had copies of the letters.

Chairman James Banda of the

A HOT BUT FRIENDLY ARGUMENT: Planning Board Chairman Atty Jim Banda points to a map, as the Planning Board and the Board of Appeals expressed their differences, in an hour-and-a-half discussion on lot sizes and unaccepted streets, Tuesday night.

To the left is Board of Appeals member Bruce McDonald (back to the camera) and others in the picture are Danny Gillis of the Planning Board, (hand thoughtfully on his chin) Miss Diane Gouvea, clerk; and Planning Board members Jim Micili (white shirt), Mel Bloom and Austin Rounds.

The appeal board was meeting in the next room, and were called in, with a friendly invitation. Members of the Planning Board told the Appeal Board members that what they had done was to approve a sub-division (of land) without Planning Board approval.

The Appeal Board did not think so - and cited a number of cases. The Planning Board - or some of them, held firm, and cited other cases, plus a letter from the Town Counsel (which no one had with him) forthcoming.

Arguments, and counter arguments were advanced, with the individual members arguing among themselves in such a manner as to preclude anyone understanding all that was going on at any given moment.

Everyone was finally able to agree, finally, that the Town Counsel should be asked for a ruling, and then it turned out that each of the boards had letters from the Town Counsel, on what seemed to

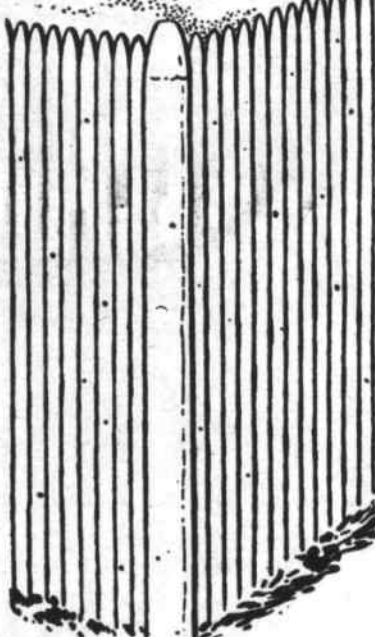

Planning Board warned that the Town Counsel would not give a decision over the telephone, only to hear veteran member Bob Evans say that he had had such decisions in the past.

Banda also warned that there should be only one question at a time to the Town Counsel, as the various members began to think of the questions they would like to ask. Otherwise, warned Banda, the answers would be a 'long time' forthcoming.

One of the other subdivisions which was brought into the discussion was one at the end of Grove Avenue, now a sand-lot baseball field.

The Planning Board had refused to sign a plan of the area, a few weeks ago, which showed a number of small lots being combined into larger lots, on 'paper' streets. The plan had been prepared for the Land Court. Only after the Town Counsel, on what seemed to

NEW OFFICE OF READING CO-OP BANK IS DOING WELL

At the recent Semi-Annual meeting of the Board of Directors of the Reading Co-Operative Bank James T Rankin was elected a Director to complete the term of the late Earle H Chapin. Mr Rankin is a registered professional engineer, served as an officer in the US Naval Reserve from 1941 to 1946, and is manager of manufacturing of the Anelex Corporation of Boston. He resides with his wife and five children at 73 Grand Street, Reading. Chester E Oldmixon, 71 Whittier Road, Reading, was elected a member of the Security Committee, a position formerly held by Mr. Chapin.

Leslie D. Stark, Treasurer, reported a very successful period, with a sizeable increase in assets, deposits and home mortgage loans. A dividend rate of 4 1/8% per annum was declared and the total dividends on systematic, regular and paid up share accounts to be paid this week exceeds \$128,000.

The Branch Office at 302 Middlesex Avenue, in North Wilmington, although having been established only 4 1/2 months, was reported as doing very well. Public acceptance of the new banking facility has been gratifying, as shown by the increasing use of the many services it provides, Mr Stark reported.

BIG ARGUMENT (From Page 6)

original lots, and nothing more, was on the plan would the Planning Board sign.

This was one of the plans referred to frequently, as the argument progressed, with Planning Board member Mel Bloom and Danny Gillis wanting to know why the Grove Avenue plan that was refused was a 'su-division' when

the Burt Road plan, approved by the Board of Appeals, was not. Bob Evans, a veteran Planning Board member, who was one of the few willing to sign the Burt Road plan, re-iterated several times that the difference was that the Board of Appeals had acted on the Burt Road plan, and that made a difference.

But everyone agreed that the thing to do was to ask the Town Counsel.

ENGAGEMENT ANNOUNCEMENT

Mr and Mrs J S Kemp of 150 West Street announce the engagement of their daughter, Eleanor, to Mr Robert Nathan Horne, son of Mr and Mrs Kenneth Horne of Laconia, N.H.

Eleanor is a Junior at Barrington College, Barrington, R.I. where she is majoring in Christian Education.

Mr Horne, a Senior at Barrington, is majoring in History and Bible, and Theology, in preparation for the ministry. He is planning to go on to the Gordon Theological Seminary in September, for further training.

No date has been set for the wedding.

THE TORTURED ROAD TO PAY RAISES

During the past several weeks the Board of Selectmen have been wrestling with the problem of pay raises, for Town employees, with Town Manager Gerald Bouchard sometimes sitting on the sidelines and sometimes taking an active part.

Immediately after the annual Town Meeting, in which the Police and Fire Departments won a basic pay rate of \$6300 a year, Bouchard in a meeting with all employees in the Herbert C Barrows Auditorium, promised the employees that they would all be given the same consideration. The meeting lasted over two hours, and one comical note in the meeting was an invitation extended to Mr Bouchard by the employees to make him a member of the Wilmington Town Employees Association, an honor which he refused.

Since then pay raises have been on the minds of the Town Manager, the Selectmen, and the Employees.

During the annual Town Meeting Selectman John Brooks made several efforts to move for re-consideration of the Firemen's and Policemen's pay articles, after they had been voted. He wanted, at that time, to adjust salaries for all town employees. He was not successful in his motions.

In the first meeting after the Annual Town Meeting Brooks made an impassioned plea for an immediate Special Town Meeting, in order to adjust the inequitable salary conditions created by the town meeting.

In the next meeting Mr Brooks presented his ideas on what the Selectmen should propose for salary adjustments. He wanted to name no sum, in the article for the Special Town Meeting, but to leave this part blank, and amend the motion from the floor of the town meeting.

This idea was in disregard to a request from the Finance Committee, who wanted the sum of m both in dollars, and in percentage of increase.

Selectman Lloyd Bender had an alternate proposal, asking for a sum of \$28,300, which would allow a 6% increase. He termed the proposals of Mr Brooks as 'Open End Articles' and further, 'An Invitation to Disaster' to which Mr Brooks retorted quite angrily.

Last Saturday the Finance Committee met, in the Town Hall, to consider the warrant for the special Town Meeting, called for May 18th.

Because of the disagreements in the earlier meetings the Selectmen had not been able to 'close the warrant' but the pay raise article was as proposed by Mr Brooks.

A letter was written by the Finance Committee, last Saturday, in which they rejected, or turned down, the proposed pay raises, and it was distributed in the last meeting of the Selectmen, Monday night.

Mr Brooks and Mr Bender were even more strong, in their respective positions, Monday night.

Bender again proposed the sum of \$28,300, and Brooks tried to amend this to a sum of \$15,000. Mr Brooks spoke several times about 'being on the side of the taxpayer' and he didn't feel that any pay raise was necessary.

There were questions as to the legality of the wording of the motion by Mr Bender, so it was amended in such a manner as to meet the Finance Committee objections, leaving in the sum of \$28,300 as proposed by Bender. The vote for the new article was four in favor, with Brooks abstaining.

After the Selectmen had agreed

on the \$28,300 sum the discussion turned to the 'closing' of the warrant, an event that should have happened a week ago.

Selectman Charles Black, in an effort to restore order, moved that the warrant be closed 'as of now' and this was voted.

Still later Haywood Bliss, of the new Building Code Committee, attended the Selectmen's meeting.

Mr Bliss had come from the Finance Committee meeting, which was being held simultaneously in the Roman House.

He informed the Selectmen that the Finance Committee were not willing to approve of the request by the Building Code Committee for \$1100 for expenses.

Mr Bliss's talk fell on practically deaf ears. The warrant had been closed, and no one made a move to open it.

After some conversation, Bliss said that the committee would not be able to do anything of value for the town, as things were now, and that the members could find better things to do at night than to sit and decide whether or not the town needed a building code.

\$200 of the sum requested, Mr Bliss said, was to purchase copies of the various national building codes, in order that the members could read them, at night, before going to sleep. The rest of the money was needed for clerical and other expenses, and \$400 was for publishing the result of their work.

TM Bouchard agreed that the town needed a Building Code and spoke for the committee.

Bliss wrote a proposed re-wording of the article for the Building Code Committee, which, he said, would overcome the objections of the Finance Committee.

Bender took the article and read it to the Selectmen 'for your con-

sidered opinions as to whether this is properly worded, and legally acceptable for a town meeting' this in order that the Selectmen need not go over it again, he said.

Brooks retorted that the Selectmen had already given their opinions in the Town Meeting, and that the people had seen fit to turn them down.

Bender: 'Here we go again! Another Campaign Speech, John?' Brooks half rose from his chair and leaned across the table, wagging a long forefinger at Bender. 'Just a minute!' he said. 'We have had enough entertainment for the evening!'

Bender: 'Don't you shake a finger at me, John!'

Brooks: 'I'll shake my finger at whom I please!'

Bender: 'Don't shake it too close or I'll break it off!'

Chairman Rene LaRivee firmly restored order.

The problem was to get the warrant 're-opened'. Mr Black was seemingly loathe to do this, and the meeting was at a standstill for several moments until Mrs Drew moved to re-open, which Bender seconded.

The Selectmen then quietly re-opened the warrant, and put in the revised wording for the Building Code Committee Article, and then closed the warrant for the final time.

Later that evening the Finance Committee were told of the re-wording of the two articles.

There was one question on the lips of Chairman Dick Barry. He wanted to know if the Selectmen were still supporting the 'Open End' article, proposed by Brooks, relative to the pay raises.

Barry was informed that it had been replaced by Bender's proposal of \$28,300.

Barry: 'There is no question but that this is a heck of an improvement over the Open End article!'

The Finance Committee then voted to re-open consideration of the warrant, particularly with reference to pay raises, and the Building Code Committee.

They voted out their action of last Saturday, turning down the Open End Article, and then, in turn considered the proposal by Mr. Bender.

And this, too, they turned down. But they voted to go along with the idea of the \$1100 for the Building Code Committee.

LETTERS

41 Brentwood Avenue
Wilmington, Mass.
May 5, 1964

Dear Mr Neilson:

I wish to take issue with some of the thoughts expressed by Rev. Sanders in his letter about civil rights which you printed on April 23. I am a Protestant, but I am in disagreement with Reverend Sanders endorsement of the National Council of Churches stand on civil rights, and his praise of those northerners who have gone South to 'identify themselves with civil rights and racial justice.'

Reverend Sanders implies that the Word of God teaches 'Civil disobedience' when he says that 'our Gospel' calls for the type of action that many civil rights agitators carried out. Yet I challenge him to point to any Bible passage that encourages willful breaking of the law, trespassing on private property, and so on. A careful study of the Negro problem will show that tremendous accomplishments have been carried out for many years by state and local governments, before the Communist inspired agitation of the Negroes began in 1954.

It can be shown that the leadership of the N.C.C. is clearly following the Communist propaganda line in its position in favor of the Civil Rights bill before the Senate. (As it has done a number of times over the past few years.) Furthermore, as a tax exempt organization the N.C.C. is supposed to refrain from lobbying for or against any legislation, so it is violating the law in this regard also.

I wonder if Reverend Sanders has read the Civil Rights Bill? Is he aware that it would destroy the right of trial by jury, the right of private property, and freedom of speech - and of the press? Is he aware that Loyd Wright and John Satterfield, both past presidents of the American Bar Association have described the Civil Rights Bill as '10% Civil Rights and 90% as a grab for raw federal power?' Is he aware that former Secretary of Agriculture Ezra Taft Benson has called the bill 'part of the planned Communist take over of the United States?'

Certainly the rights of the minority should be a matter of concern to all Americans, but creating the machinery for a police state is definitely not the proper approach.

Sincerely,
William E Dunham

cc Reverend Sanders

Dear Mr Neilson:

Through your newspaper I wish to express my appreciation and thanks to all those people who took the time and interest to vote for me on election day, thus helping me win membership on the publican State Committee.

I shall attempt to fulfill the obligations of the office in a manner which I hope will be satisfactory to all of you.

You may be interested to know that I received 2046 votes and my opponent received 1053.

Yours sincerely,
Marion E Hunt

22 Nassau Avenue
Wilmington Mass.

Dear Mr Neilson:

May I through the columns of your newspaper, express my gratitude to my friends, who voted for me, on Election Day, Tuesday, April 28th.

I humbly and gratefully thank each of you for the loyalty you demonstrated in my behalf.

Anna M Visconti
Wilmington Democratic
Town Committeewoman

THEY MET IN ROME: Mary Bongiorno, of Park Street, a student at Fisher Junior College, met her father's sister and two cousins, in Rome, Italy, recently, while on a college sponsored tour of Spain and Italy.

Mary, the daughter of Mr and Mrs Paul Bongiorno, 44 Park Street, speaks no Italian, and her cousins and aunt spoke no English, but they did not find the language barrier to be a difficulty.

The photo was taken in front of the famed Trevi Fountain, in Rome. Mary is the second from the left.

Exhibits at St Thomas CDA Arts & Crafts Show

VILLANOVA HALL WAS THE LOCALE, LAST WEEK, FOR AN ARTS AND CRAFT SHOW, SPONSORED BY THE LADIES OF ST. THOMAS COURT, C.D.A. THE HALL WAS FILLED WITH EXHIBITS, MOST OF THEM THE WORK OF PARISHIONERS OF ST. THOMAS CHURCH. A FEW OF THE OUTSTANDING EXHIBITS ARE SHOWN BELOW.

MODEL BOAT MAKER: Charles Guthrie of Park Street, with a model boat, named the 'Guppi'.

ROOSTER MOTIF: Mrs. Amanda Gray of Eames Street, with a 'hand-hooked' rooster, in a picture frame, and Mrs. Whilmemina De Lisle of Fairview Ave with a rooster base for a lamp, of ceramics, which she made.

Mrs. Gray was one of the co-chairmen of the show.

MUSIC BOX & PINE CONE PICTURE: Florence Savignac of Woburn Street, with a music box, in the shape of a miniature piano, made by her husband, Town Engineer Alphonse Savignac, and Mrs. Helen McDonough of West Street, with a Pine Cone Picture. To the right is a hooked cat pillow, also made by Mrs. McDonough. Mrs. McDonough was a co-chairman of the show.

85 YEARS YOUNG - AND A BEAUTIFUL QUILT: Mrs. Angelina Butters of Middlesex Avenue displays a quilt she has made. The camera did not pick up all the colors in the quilt. In back, to the right, is a painting by her daughter, Mrs. Ruth Kenney.

The Old 'Ice Wagon' Is To Be Retired

The old 'Ice Wagon' of the Wilmington Police Department is finally to be retired - 12 years after it was bought by then Town Manager Dean Cushing, for service as Wilmington's one and only Police Cruiser.

Dean, who was long-legged, and impulsive, bought a panel type Chevrolet truck, on the theory that the police would be able to carry ambulance patients, and shovels, and all sorts of things in back, in addition to plain ordinary law-breakers.

The truck was duly painted with the words 'Police' on the panels and across the two doors on the back, and it was these two doors which led the late Robert Moran to dub the vehicle of Wilmington's Finest -- 'The Ice Wagon'.

Moran noticed that when one door in back was open only the three letters ICE could be seen - and hence the name. It struck the people as funny, and that was how the Police Cruiser was known for the rest of the year it was in service.

Naturally the cops didn't like it. Policemen from other towns would make remarks, and the Wilmington Gendarmes would get red faced. Even the drunks, being forced into the back of the wagon for a ride to the Police Station, had their remarks to make, and all the cops could do was to grin and bear it!

But it was George Dahl, cartoonist of the Boston Herald, who gave the Wilmington cops their hardest time.

Patrolman (now Sergeant) Shepard at the wheel of the Old Ice Wagon, in 1952, when it was Wilmington's Police Cruiser

Dahl drew a series of six cartoons, which were really funny, but the Police didn't think so.

One of them had the Wilmington Police, in their truck, hiding behind a billboard, watching for speeders!

The 'Ice Wagon' was used as a Police Cruiser for a year - a very unhappy year for Paul Lynch and his men. It had some wonderful adventures, though.

Perhaps the best was the time that patrolmen George Shepard and Leo Markey tried to catch a 90

mile-an-hour speedster.

The two men were 'cruising' late one evening, near the Woburn line on Main Street, when the car that they would be soon chasing sped by in the opposite direction.

They turned around and went after it. Up Eames Street, and down Woburn Street, with the car hitting 90 at times, and the cruiser doing its valiant best at 70 miles an hour!

The car went back into Woburn at the end of Woburn Street, and

then ducked into a large field, filled with stumps, through which led a woodland road.

After it went the cruiser, and all was well for the first quarter of a mile, when it ran into a stump!

And there they were - Shepard and Markey, spinning around on the stump as though they were on a Merry-Go-Round!

It was quite a job to get that truck off the stump.

A wrecker was sent for, but couldn't get in, because of other stumps.

The many by-standers who had gathered tried to lift the truck off bodily - but they couldn't.

Someone suggested to wait until the ice was melted, whereupon the truck would be lighter, but the two cops couldn't see any humor in that remark.

Finally the tow truck managed to get in, and lift the truck, and, ducking down behind their coat collars the two cops were towed back to the station.

There was a lot of suspense in the air, next spring, before the annual Town Meeting.

Would Dean Cushing want to buy a new Police Truck for the town?

There were plenty of people who were ready to fight it out, in the Town Meeting - but they didn't have to, for this time Cushing promised something else. If memory serves correctly it was a Station Wagon, which was an improvement, at least.

The 'Ice Wagon' was transferred (Cont. Next Page)

DENAULT'S DARLING: Roscoe Denault, driver of the old 'Ice Wagon' with the old Police Department Cruiser in the Town garage, last Friday afternoon.

In the background can be seen one of the Walters Snow Fighters, also bought by Dean Cushing, while he was Town Manager of Wilmington. The Walters Snow Fighters, now 12 years in the service of the town, are also scheduled for retirement, as being too expensive to keep in running condition.

to the Fire Department, and the Brave Fire Ladders spent many happy hours converting it into a Rescue Wagon. They were proud of their work, and would show visitors the place where the prisoners used to sit, now lined with pickaxes and shovels, and things like that. The Firemen were proud as peacocks!

Finally, in 1961, it was turned over to the Highway Department. At that time it was deemed to be worth \$100.

Since then it has seen three years of rugged service, with the last driver, Roscoe Denault, calling it 'Denault's Darling'.

Now, having arrived at the ripe old age of 13 years, it is to be retired off - and like a firehorse, it is to be put to pasture - but this pasture is a little different - for it is Camp Forty Acres, in North Wilmington - the place where the Boy Scouts, and Girl Scouts and

Campfire Girls have all their summer fun.

With proper care it might serve Camp Forty Acres for several years.

But it will probably be all shot up, full of holes from rifles of hunters and would-be marksmen who roam the nearby woods from time to time when there is no one at Camp Forty Acres.

The chances are that the old Ice Wagon will be shot through, and out of service, before another year has passed.

SCHOOL CAFETERIA MENUS Week of May 11

High School

Monday: Orange Juice, Baked Sausage with Applesauce, Buttered Noodles, Green Beans, Corn Bread

and Butter, Jelly Doughnut, Milk.
Tuesday: Hamburger and Gravy, Mashed Potatoes, Buttered Peas, Carrot Sticks, Bread & Butter, Deep Dish Apple Pie, Milk.
